1 Introduction

This technical note gives additional information when exporting to **Therefore** with IRISPowerscan™ (which includes IRISConnect™).

2 Interaction between IRISPowerscan™ and Therefore

Note: Since Therefore 2018, Therefore 2015 is no longer supported.

2.1 If using IRISPowerscan™ 10.5.11 or above (including IRISPowerscan™ 11)

IRISConnect™ embeds the API of **Therefore 2018**, which works with all Therefore supported versions, i.e. Therefore 2016, Therefore 2017 and Therefore 2018.

2.2 If using older versions of IRISPowerscan™

Using a previous version of IRISPowerscan™ (e.g. 10.5.10), you may encounter problems with the embedded `Interop.Therefore.API.dll`. A new .dll might be required.

Should that situation occur, please contact our **Technical support** for further assistance.
